

The Federal Communications Commission

Dear The Federal Communications Commission,

Given the fine mess you made out of the e-rate fees, why should you be considering raising your taxes, oops, sorry I mean "fees" on anybody? Cut it out and send any "fee" increase requirements back to Congress, who have the right to tax us citizens. No increase, please.

Sincerely, Steve Barton

Stephen K. Barton 4983 Lakeland woods Ct Dunwoody, GA 30338

Sincerely,

Stephen Barton
